

Jesus heals Jairus' daughter. Luke 8:40-56

Miracle Snap Card activity

In this activity you need to print out 2 sets of cards and cut them out. Then you are ready to play snap. If you get a matching pair you have to say what the miracle was (or look it up in the Bible).

The game would be easier with 4 sets of cards (but more cutting out)

Miracle Matching Pairs activity

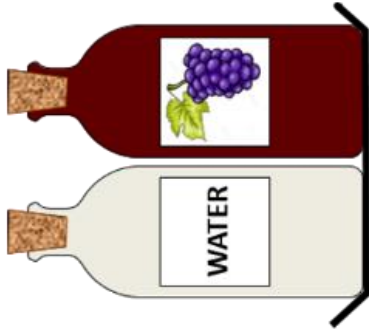

Use the cards from the snap activity. Turn the cards face downwards and take turns to turn over a pair of cards. If the pair match tell the other players what the miracle was. You keep the pair.

If the cards don't match, turn the cards face down again and the next player has a turn.

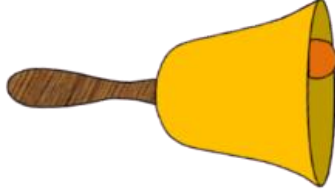

The winner is the one with the most pairs
