

Jesus heals a sick lady. Luke 8 v 42 - 28

Find the lady in the crowd game

In our story today the sick lady was healed when she touched Jesus.

For this game, you will need 24 counters or small coins.

Play this game with a partner, the game is a bit like Who's Who.

Player 1 secretly chooses one of the Lego ladies on the board to be the Lady in the crowd.

Player 2 has to ask questions to find out which lady player 1 chose.

So player 2 might ask: "has the lady got grey hair?"

If your lady has got grey hair then you say YES and player 2 puts a counter on all the ladies who don't have grey hair.

If your lady hasn't got grey hair then you say NO and player 2 puts a counter on all the ladies with grey hair.

Player 2 then asks more questions until there is only 1 lady without a counter. Keep a score of how many questions you and your partner ask, the winner is the one with the lowest number of questions
