

# Easter—Crucifixion and Resurrection

## Craft Activity

1. Find a piece of card or thick paper for your picture.
2. Cut out a cross shape from black paper (or colour it black) and draw a semi circle on green paper (or colour it green) to represent the hill. Don't stick these onto your background yet!
3. Tear strips of brightly coloured paper (long enough to fit across your background). Stick the strips onto your piece of paper until it is completely covered. You could paint or colour the background if you prefer.
4. Stick on the hill and the cross to finish your picture.

Have fun!
