What does having 'faith' mean for you? What does it mean to have more faith? How can this goal be achieved?

Why do you think the disciples were 'terrified'? Have you experienced this fear and how does this experience of God affect the way we relate to him?

How can we rely on Jesus rather than on the life skills and talents that we have developed during our lives thus far?

How do we respond to the idea that God appears to change his mind, (Abraham and Isaac, Jonah and Ninevah)?

Can we identify with the idea that God uses and perhaps even causes storms for his purposes with us?

In what ways do we see Jesus' concerns and cares in these storms? How do we welcome Jesus into them?

Spend some time praying for each other and against the storms that we, as church, world and nation are facing at the moment.
