

The Holy Spirit in the Old Testament Study Guide week commencing 1st June

1. God created us with breath and the same word is used in the Old Testament for spirit. What can you do to be more grateful to God for the gift of the life he has given us?
2. We are saved and given a new Spirit by God, but we can still struggle with some of the same spirits as were seen in the Old Testament. Is there one you struggle with particularly?

3. Read Numbers 11:24-29. Why might some people be resistant to the spirit being given to the wrong people and working in the wrong places?
4. Why might some people want a single leader who is clearly filled with the Spirit? How would you encourage people to see that in Jesus and not look for it in other people?
5. Do you feel like you need to humble your spirit? Or do you feel like life is currently humbling you? Or both? Or somewhere in between?
6. Read Isaiah 66:2. What can you do to humble your spirit before God?
